**Re: Public Body GC/CM Certification Determination**

Dear Mr. Parvey:

The Capital Projects Advisory Review Board's Project Review Committee has determined that the City of Tacoma has met the criteria established in RCW 39.10 for public body GC/CM certification. As of February 26, 2009 the City of Tacoma is authorized to utilize GC/CM contracting procedures for projects with a total project cost of ten million dollars or more for a period of three years.

The City of Tacoma's certification will extend through February 26, 2012. Please submit your application for re-certification to the Project Review Committee at least three months prior to the initial expiration date.

Under the terms of the law you will be required to submit project data to CPARB during any GC/CM project undertaken with this certification. Please identify your point of contact for supplying required project data information to CPARB staff person, Robyn Hofstad, at [rhofsta@ga.wa.gov](mailto:rhofsta@ga.wa.gov).

Congratulations on the approval of your application.

Please contact Bob Dixon at (360) 902-7265 if you have any questions regarding this process.

Sincerely,
