Re: Public Body Design-Build Certification Determination

Dear Mr. Purdy:

The Capital Projects Advisory Review Board's Project Review Committee has determined that the University of Washington has met the criteria established in RCW 39.10 for public body Design-Build certification. As of January 22, 2009 the University of Washington is authorized to utilize Design-Build contracting procedures for projects with a total project cost of ten million dollars or more for a period of three years.

The University of Washington's certification will extend through January 22, 2012. Please submit your application for re-certification to the Project Review Committee at least three months prior to the initial expiration date.

Under the terms of the law you will be required to submit project data to CPARB during any Design-Build project undertaken with this certification. Please identify your point of contact for supplying required project data information to CPARB staff person, Robyn Hofstad, at rhofsta@ga.wa.gov.

Congratulations on the approval of your application.

Please contact Bob Dixon at (360) 902-7265 if you have any questions regarding this process.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric Smith".

Eric Smith, Chair
Project Review Committee
