

STATE OF WASHINGTON
Capital Projects Advisory Review Board

July 26, 2007

Mr. Gerald Schlatter, AIA
Associate Vice President
Washington State University
110 Commons Building
P.O. Box 643611
Pullman, WA 99163-3611

Re: Public Body GC/CM certification Determination

Dear Mr. Schlatter:

The Capital Projects Advisory Review Board's Project Review Committee has determined that the Washington State University has met the criteria established in Chapter 494, Laws of 2007, (2SHB 1506) for public body GC/CM certification.

As of July 26, 2007 the Washington State University is authorized to utilize GC/CM contracting procedures for projects with a total project cost of ten million dollars or more for a period of three years.

The Washington State University's certification will extend through July 26, 2010. Please submit your application for re-certification to the Project Review Committee at least three months prior to the initial expiration date.

Please contact Roland Orr at (360) 902-7239 if you have any questions regarding this process.

Please send point of contact for supplying project data information to CPARB staff, Adam Lawrence, at ALawren@ga.wa.gov. Please provide notification to CPARB when the Washington State University approves GC/CM projects and provide project data per the CPARB requirements. Your point of contact will be notified when CPARB's data collection system is ready for input.

Sincerely,

Rodger Benson, Chair
Project Review Committee
